“The Angelic Path to Self-Love”, will be a 90 minute inspirational workshop where I will empower you with the tools you need to connect to your Guardian Angel. You will learn a step by step process of how journaling to your Angels will open your heart to receive their divine love and an abundance of self-love which leads to romantic love. Together we will release your “Joy Blockers”: worries, doubts and fears that keep you blocked from loving you, your spiritual connection and manifesting your desires.
